PASS	Product is subject to all Legal Metrology declarations. Fix: Ensure statutory exemption eligibility criteria (net qty ≤ 10g/ml, agricultural produce > 50kg, or industrial/export use) are clearly documented on packaging.
Rule 6(1)(a)	Every package must bear the name and complete address of the manufacturer, packer, or importer.	FAIL	Fail: Manufacturer/packer name or address is missing from the declarations. Fix: Include the full legal name and complete postal address of the manufacturer/packer with a valid 6-digit PIN code.
Rule 6(1)(b)	The common or generic name of the commodity contained in the package must be declared.	PASS	Pass: Generic name declared as 'ELLZA'. Fix: Declare the common or generic name of the packaged commodity prominently on the Principal Display Panel.
Rule 6(1)(c)	The net quantity, in terms of standard unit of weight, measure or number, must be declared.	FAIL	Fail: Net quantity declaration is missing. Fix: Declare net quantity using statutory metric unit symbols ('g', 'kg', 'ml', 'l', 'pcs', 'N') without non-standard abbreviations like 'gms' or 'ltrs'.
Rule 6(1)(d)	The month and year in which the commodity is manufactured or pre-packed or imported must be declared.	FAIL	Fail: Month and year of manufacture/packing/import is missing. Fix: Declare the month and year of manufacturing or pre-packing in standard format (e.g. '08/2026' or 'Aug 2026').
Rule 6(1)(e)	The Maximum Retail Price (MRP) must be declared clearly, including the phrase 'inclusive of all taxes' or 'incl. of all taxes'.	FAIL	Fail: Maximum Retail Price (MRP) declaration is missing. Fix: Add the mandatory statutory suffix 'inclusive of all taxes' or 'incl. of all taxes' immediately adjacent to the MRP declaration.
Rule 6(1)(g)	Every package must bear the name, address, telephone number, and email address of the consumer care contact.	FAIL	Fail: Consumer care declarations are incomplete. Missing fields: name, phone, email, address. Fix: Declare complete consumer care contact details including contact officer/cell name, postal address, working phone number, and valid email ID.
Rule 6(1)(f)	For imported commodities and general goods, the country of origin must be declared.	PASS	Pass: Country of Origin declared as 'India'. Fix: Declare the Country of Origin clearly on the packaging (e.g., 'Country of Origin: India' or 'Made in India').
Rule 6(1)(a) Importer	For imported commodities, the name and address of the importer must be declared.	EXEMPT	Exempt: Commodity is not marked as imported. Fix: For imported commodities, declare the registered company name and complete postal address of the Indian importer.

Rule 6(3) / Font Height	Minimum font height of declarations must conform to the Principal Display Panel (PDP) area regulations.	PASS	Pass: Measured font height is 18.00 mm, complying with the minimum required height of 2.00 mm. Fix: Increase letter and numeral font height to meet the minimum statutory height (e.g. min 2.0 mm for PDP area > 100 cm²) based on package surface area.
Rule 8 / Standard Sizes	Pre-packaged commodity net quantity must conform to the prescribed standard sizes for defined categories.	EXEMPT	Exempt: Net quantity is missing or could not be parsed. Fix: Pack the commodity in one of the prescribed standard net quantity sizes specified under the Second Schedule of Legal Metrology Rules.
Rule 23 E-Commerce	For e-commerce sales, digital listing declarations must display all mandatory statutory fields.	EXEMPT	Exempt: Input type is a camera image upload, not an e-commerce listing URL. Fix: Ensure the digital marketplace listing displays all mandatory statutory declarations (MRP, Net Quantity, Country of Origin, Manufacturer details, Consumer care) matching physical label.
FSSAI Sec 31 / License 3-Tier	Every food package must display a valid 14-digit FSSAI License/Registration number verified through mathematical syntax, FoSCoS portal, and state registry cache. Fix: Display the compliant Veg (green circle in green square) or Non-Veg (brown triangle in brown square) symbol meeting minimum PDP millimeter dimensions.
